<https://kelsie-portfolio.vercel.app/>

I'm a hands-on software developer with just over a year of real-world experience, focusing on frontend development. I work comfortably with React, TypeScript, Firebase, and the surrounding ecosystem. I love turning ideas into clean, efficient, and user-friendly applications.

## [Professional Experience](#)

### [Skinstric AI](#)

[Remote](#) | [November 2025](#)

#### Frontend Engineer

- Created the Skinstric project using React, NextJS, HTML, and CSS.
- Implemented areas for the user to take a photo using their camera or upload a photo using their gallery.
- Called the API so the backend could analyze the photos.
- Made the application responsive so it could be viewed on any screen size.
- Utilized GitHub and Vercel for production.
- Committed end of day reports using Google Docs to submit to my supervisors.
- Used the API backend to create dynamic information.

### [Elementary Education](#)

[July 2017 - June 2022](#)

#### Teacher

- Integrated new edtech tools across lessons, boosting student engagement metrics
- Completed ongoing PD hours yearly and applied methods that raised assessment outcomes
- Aligned digital content to standards and adjusted plans based on data for measurable gains
- Implemented data-driven assessment strategies, leading to noticeable improvements in student performance and tailored instruction.

## [Projects \(personal\)](#)

[Skinstric Application: https://skinstric-psi.vercel.app/](#) | <https://github.com/KelsieHargreaves/Skinstric.git>

#### *Created a fully functional skincare application*

- Engineered & integrated a search api for photo analyzation with a fully responsive design, loading states & dynamic routing to showcase end users skincare demographics on an individual route.

[Netflix Clone: https://netflix-clone-gamma-liard-21.vercel.app/](#) | <https://github.com/KelsieHargreaves/Netflix-clone.git>

#### *Created a functioning mock-up of Netflix*

- Developed a responsive Netflix clone with dynamic movie listings, category sorting, and a polished user interface modeled after the real platform.

## [Technical Skills](#)

**Programming Languages:** TypeScript, JavaScript, HTML, CSS

**Frameworks:** React, TailwindCSS, Firebase, NextJS, React Query, React Hook Form

**Tools & Other platforms:** Vercel, GitHub, Vite, Figma, VsCode, Stripe, React Testing Libraries

## [Education:](#)

**Frontend Simplified** | Certificate

[July 2025 - November 2025](#)

**Southwest Minnesota State University:** Elementary Education, Bachelors Degree

[January 2014 - May 2017](#)

## [Other](#)

**Interests:** Volleyball, Worship Team, Family Game Nights, Chickens, Crafting
